

# Supporting development through the private sector

## FINDEV CANADA IS CANADA'S DEVELOPMENT FINANCE INSTITUTION (DFI).

We provide a range of financing and investment, including blended finance solutions, to mobilise private capital in and into emerging markets and developing economies, in alignment with Paris Agreement commitments and the Sustainable Development Goals (SDGs). FinDev Canada promotes sustainable and inclusive growth through:

### Climate and Nature Action

Building low-carbon and climate-resilient and nature-positive economies, including through sustainable infrastructure;

### Gender Equality

Mainstreaming gender equality in investment activities to support women's economic empowerment, gender equality, and improve business performance;

### Market Development

Developing markets to support quality job creation, capital markets, and access to finance as well as products and services that raise living standards and add value to the economy.

## Sectors

### Financial Industry

Including banks, non-bank financial institutions, and investment funds with the intent of strengthening institutions and access to financial services in the markets we serve.

### Sustainable infrastructure

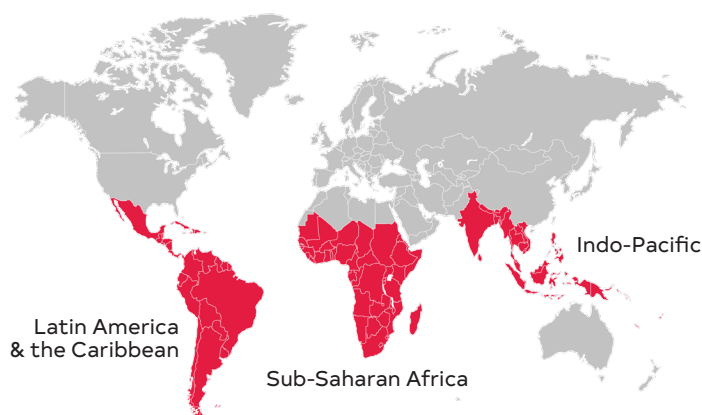

With the intent of supporting the development of low-carbon, climate-resilient infrastructure in the power, transportation, water, and digital sub-sectors.

### Agribusiness, Forestry & Value Chains

With the intent of supporting food security, strengthening economic conditions, and addressing opportunities to support climate action.

## Regions

## Financial products

### Loans

Provided to support a company's operations or expansion plans, which can include working capital. These can take the form of direct loans or corporate facilities.

### Equity

To extend flexible long-term private equity growth capital to high-potential companies.

## Non-financial products

### Technical assistance and advisory

Targeted grant support to private sector clients that improves their development outcomes, addresses gaps in knowledge or tools, and seeks to support their business environments.
