

FinDev Canada's Commitment to Sustainable Infrastructure

Sustainable infrastructure is one of FinDev Canada's priority sectors. Our investments in sustainable infrastructure support the development of low-carbon, climate-resilient infrastructure in the power, transportation, water, and digital sub-sectors.

Sustainable infrastructure breakdown

Client stories

ENERTUR – PROJECT FINANCE

Energía Turística S.A. (Enertur) is a subsidiary of InterEnergy Group in the Dominican Republic, which has been providing energy across the Caribbean and Latin America for over 30 years. The project is a solar PV power plant with a 78 MW capacity with the right to produce electricity for 25 years. It includes a BESS with a 35 MWh capacity to ensure a consistent energy supply to the grid.

FINDEV CANADA'S FINANCIAL COMMITMENT: \$18.8M

Enertur's projected impact

-   Expected annual electricity output of **125 GWh**, providing electricity to an estimated **106,550** people annually
-  Support the Dominican Republic's goal to increase renewable energy generation to **25%** by 2025 and reduce its GHG emissions by **1/3** before 2030
-  Help avoid an additional **90k tCO2** emissions per year, equivalent to removing **12,484** passenger vehicles off the road

GENNEIA – CORPORATE LOAN

Genneia is the number one Argentinian renewable power generation company in terms of installed capacity with 866MW. Notably, it possesses 24% of the country's installed wind energy capacity and 8% of its installed solar energy, making it a leader in the sector and one of the ten most important renewable energy generators in South America.

FINDEV CANADA'S FINANCIAL COMMITMENT: \$40M

Genneia's impact

-  Contributing to Argentina's target to increase the share of renewable energy in the national energy mix to **20%** by 2025, with the addition of **200 MW** of renewable energy
-  Avoids **322K** tons of CO2 emissions annually, equivalent to removing **49K** cars off the road per year
-  Commitment to reach **30%** women's representation among permanent employees
